5 questions with...

Become a Character Investigator

1. Choose a character from your favourite story book.

[Blank white box for character selection]

2. Go through your story and find all the things you know about your character. Look out for descriptive words that give you information such as their age or appearance, where they are in the story.

[Blank white box for character details]

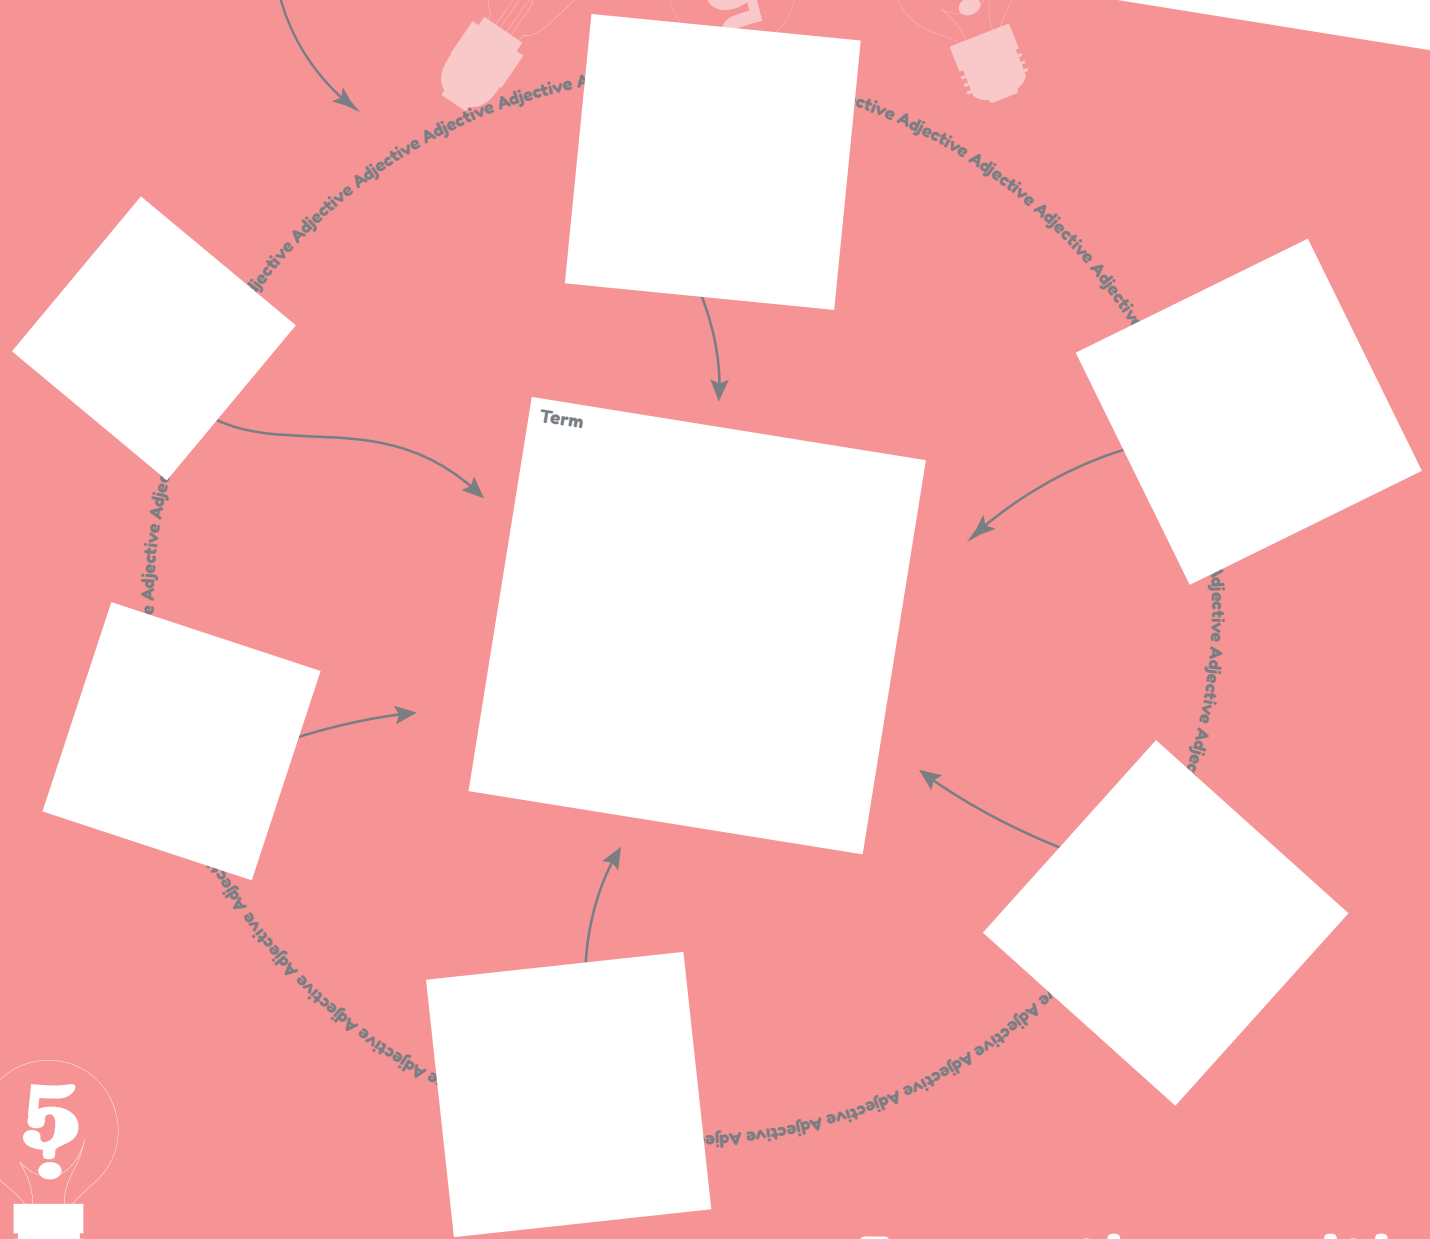

3. Go through your story and look at all the things they say about themselves. Maybe they mention that they are brave, or scared, or that they like or dislike something.

[Blank white box for self-descriptions]

4. Go through the story and look at all the things people (the other characters in the story) say about them.

[Blank white box for others' descriptions]

5. Create a bubble map that describes your character
